

REHAB HOME

Great News from Riley/Spence

Nothing makes us happier than positive feedback from previous patients. That's why both Parkwood Nursing and Rehab and The Woodlands of Arnold are glowing with happiness this week! Both facilities recently got the results of their patient satisfaction surveys. We scored 95% in all areas, with the highest scoring in the areas of Therapy and Cleanliness. We recently added a new category, "How would you rate the responsiveness of nurses" and this area scored at a 93%. We couldn't be prouder! Great job to staff and thank you to our patients for taking the time to do the surveys!
